

COURSE DESCRIPTION AND AGENDA

Session Name: New HUD MAP Guide Roundtable Discussion

FOCUS ON: Environmental Changes

Session Date: May 15, 2015 (11:00am EST)

Duration: 45 minutes (maybe a bit longer with questions...)

Presenters: Staige Miller, EP, BPI-BA, Director of Environmental Services

Rob Hazelton, LEED AP, President

Facilitator: Joe Harrell, D3GUniversity

Agenda:

This will be Part 4 of our discussions about the Draft MAP Guide. The changes to MAP Chapter 9 have been minimal, but there is still much to discuss as environmental problems have been the reason for countless deal cancellations. Join us for a discussion with our environmental subject matter experts (SMEs) about the proposed changes and how they affect multifamily assessments and underwriting. The learning objectives of the session will be a summary of pertinent environmental study changes that may have a material effect on the way the HUD MAP industry conducts business going forward.

- A. Chapter 9 Refresher focused on draft 2015 HUD MAP Updates
 - 1. "Choosing an Environmentally Safe Site" per HUD
- B. Radon
- C. Rising Sea Levels
- D. Questions/Answers
